Dear Applicant

Ensuring your interview and assessment is fair and accessible

Thank you for applying to Trinity College Cambridge.

We want every applicant to have the chance to show their full potential. If you have a disability, neurodevelopmental condition, mental health condition, or long-term health condition, we can provide support during your interview and assessment. Telling us in advance will help us make sure everything goes smoothly on the day.

If you want to ask for an adjustment, you must fill in the form and send it with supporting evidence to Trinity College Cambridge on admissions@trin.cam.ac.uk by **Wednesday 4 November 2026**. We can only make adjustments where supporting evidence (as outlined in the form) has been provided. Forms received after this date may mean we cannot make the necessary arrangements. If no form is received, we will assume that you don't require any adjustments for your interview and none will be put in place.

We support applicants with a wide range of conditions. While this is not an exhaustive list, examples include:

- Disabilities such as visual, hearing or speech impairments, mobility difficulties or chronic pain.
- Neurodevelopmental conditions include autism, ADHD, dyscalculia, dyslexia, dyspraxia and developmental co-ordination disorder.
- Mental health conditions such as anxiety, depression or OCD.
- Long-term health conditions such as diabetes, chronic heart disease or epilepsy.

You can ask for a range of adjustments during the interview and assessment, such as an accessible interview room, physical assistance moving round the College, extra time during interviews or written assessments, rest breaks, large print or alternative formats, assistive technology or specialist software or communication support/preferred communication style

Asking us for an adjustment will not disadvantage your application in any way. Any details you share will be treated confidentially and only seen by staff supporting you during your interview and written assessment. Providing this information is entirely optional, but if you do not tell us about any required adjustments by the deadline we set, we cannot retrospectively take such requests into account following your interview.

If you declared a disability on UCAS but do not need any adjustments for your interview, please select the 'No adjustments needed' box and send the form back to us.

If you have any questions, or need this form in an alternative format, email admissions@trin.cam.ac.uk.

Best wishes,

Stacey Smith

Supporting evidence

If you need an adjustment, you must provide one type of supporting evidence in English with this form. We can only make adjustments where supporting evidence has been provided. If you cannot provide evidence, please contact Trinity Admissions Office. Select one option to send with the form: ☐ A signed letter from your school or college on headed paper, which is recent and confirms your current arrangements. It should confirm: • your disability, neurodevelopmental condition, mental health condition or long-term health condition • the percentage of extra time you are entitled to (for example, 25%), if relevant
--

- rest break details (minutes/hour, proportion of exam, or fixed total), if relevant
- any other adjustments you need
- the basis for these arrangements (for example, medical diagnosis, psychological or specialist teacher assessment)

☐ JCQ Form 8 (Profile of Learning Difficulties)

☐ JCQ Form 9 (Profile of Need)

You **do not** need to submit an educational psychologist's report with the form unless it specifically outlines recommendations relevant to the adjustments being requested and will aid the College in making informed decisions about appropriate adjustments.
