

JOB DESCRIPTION

Job Title: Property Compliance Officer

Department: Works Department

Reports to: Director of Works

Actively ensuring that statutory, regulatory, and organisational compliance standards are achieved and measured to ensure the College maintains full compliance for all activities delivered by both the internal College Works team and external contractors. This includes but is not limited oversight and auditing of CDM, asbestos management, gas safety, electrical safety, fire safety and water management compliance activities.

Purpose of role

Leading a culture of safety in the Works department through ensuring that the College remains fully compliant with statutory requirements and designing, implementing and auditing relevant policy, processes and procedures that allow risk to be managed appropriately. Reporting to the Director of Works with indirect reporting to the Head of Health and Safety, this role is a key part of the Works Department, maintaining, providing and developing accurate reports for Committees, Works Department Managers and other stakeholders allowing visibility of performance and driving continuous improvement in the department.

The role holder will also hold a key relationship with the College Fire Officer, who sits within the Health and Safety Department, working collaboratively to quality assure and audit operational delivery and completion of works linked to fire risk management.

Key accountabilities:

- To identify, quality assure and maintain the College's compliance records in all areas of property compliance to ensure regulatory requirements and the College's internal policies and procedures are met. This will include but not be limited to, gas safety, electrical safety, water management, asbestos, CDM 2015 and fire safety.
- To act as the subject matter expert for the development and implementation of a comprehensive asset management system to maintain relevant records for compliance activities and produce audit trails of actions undertaken.
- Proactively management Compliance Data through development of the College's CAFM System, working collaboratively with the works department and wider college teams and the College Fire Officer.

- Use data and results from internal audit to recommend improvements relating to compliance and work closely with Works Department managers to implement and review effectiveness of improvements.
- Undertake site-based checks and observation of working practice to ensure processes and procedures are fit for purpose and embedded into working practices.
- Monitor performance against KPIs and ensure deadlines for statutory checks are met, working collaboratively with the Head of Health and Safety to prepare cyclical Health and Safety Reports.
- Provide regular, accurate and timely feedback in the form of performance reports and audit outcomes to allow for robust performance management of suppliers and other internal team performance.
- Provide regular, accurate and timely reporting to Committees, Junior Bursars Office and other stakeholders. Attending meetings to support the Director of Works in presenting the reports where necessary.
- Maintain and update compliance trackers, building records and works systems.
- Support with incident investigations and contribute to organisation-wide learning, working closely with the College Health and Safety Team.
- Provide positive input into project works undertaken at the College to provide feedback on compliance requirements, including advice and recommendations on best working practice, regulatory requirements and audit documentation.
- Build effective working relationships and work collaboratively with managers, teams, and frontline staff within the Works Department and across the College to champion a positive safety culture and the work undertaken in the team.
- Meet suppliers and contractors on behalf of the Works Department to discuss scope, risks and methods of works to be undertaken and ensure this is delivered through observation and checks.
